W2D2 Message – November 30, 2016

Hello moderators, teachers, and leaders,

As you know, this Friday 2nd December is World Wide Data Day. A few things you should know:

- I will connect to every videoconference to help out. You will not be alone!
- The videoconference schedule has been revised. The latest is at https://quarknet.i2u2.org/page/w2d2-videoconferences.
- I have prepared a guide. It is attached and it has also been added as an addendum to the Teacher Notes at https://docs.google.com/document/d/1gwUXV9J9IO_AtetBRna0yV5G78XmCyw7o2DkPyWMyF4/edit?usp=sharing. I think it is helpful: you should review it before Friday if you can.

If you still need a Vidyo test or have questions, please e-mail me.

See you online soon!

All the best,

Ken
